### MonerisMetrics Quarterly Report

MonerisMetrics is an insightful trends report that measures spending in Canada. It provides information on consumer spending activity in Canada across a range of categories by analyzing credit and debit card transaction data. The percentages cited are derived from actual sales numbers – the number of credit and debit card transactions being processed by Moneris merchants and volumes — the dollar values of credit and debit card transactions being processed by Moneris merchants — compared with sales transactions and volumes from the prior year.

Please note: Published statistics reflect aggregated and anonymized transaction data processed by Moneris merchants.

1 - Percentage of transactions in the quarter that were made using contactless payments

2 - Biggest spending increases of Q2 2019 (YOY)

3 - Countries with the highest contribution to foreign spending growth in Canada in Q2 2019 (YOY)
