3. Purchase, Refund and Chargeback Settlement Amounts under the MCP Program

3.1 Purchase Settlement Amount. For each MCP Transaction, your bank account will be credited with an amount equal to the Settlement Amount after currency conversion of the transaction you present to us in an Approved Currency. For clarity, such settlement amount(s) will be in Canadian Dollars. The Merchant Revenue Share, if payable, will be credited to you separately in accordance with Section 4 of this MCP Agreement.

3.2 Refund Settlement Amount. You must process refunds and/or partial refunds of MCP Transactions in the original Approved Currency. In the event of a refund (full or partial) by you to a Cardholder of an amount originally processed as a MCP Transaction, we will debit your bank account or adjust the Settlement Amount by the full or partial original Refund Amount in the Approved Currency converted in Canadian Dollars, using the currency conversion rate(s) in effect on the date of the refund. The currency conversion rate(s) may differ from the MCP Exchange Rate(s) originally applied to the MCP Transaction

3.3 **MCP Chargeback Settlement Amount.**

- (a) We do not decide which Transactions are charged back and we do not control the outcome of a MCP Chargeback by the Issuer.
- (b) In the event of a MCP Chargeback, the Cardholder is credited the entire MCP Transaction Amount. For certainty, this is in the applicable Approved Currency.
- (c) MCP Chargebacks will be debited from you in an amount equal to the MCP Transaction Amount converted into Canadian Dollars using the currency conversion rate(s) in effect at the time that the MCP Chargeback is processed. The currency conversion rate(s) may differ from the MCP Exchange Rate(s) originally applied to the MCP Transaction
- (d) For clarity, the Card Brand processing of a MCP Chargeback may result in you being debited a Chargeback amount that is greater than the original Settlement Amount settled to you. Pursuant to the Processing Agreements, you agree to pay us the amount of any Chargeback.

4. **Merchant Revenue Share**

4.1 **Merchant Revenue Share**

(a) **Merchant Revenue Share payable on same-day delivery before 11pm.** If you deliver your MCP Transaction Record to us before 11 pm (EST / EDT) on the same day the MCP Transaction was completed, then we will credit you with the Merchant Revenue Share amount for such MCP Transaction.

(b) **Merchant Revenue Share payable on delivery or re-processing on or later than 11pm.** You are solely responsible for the timely delivery of your MCP Transaction Record to us. If you deliver your MCP Transaction Record to us, or the MCP Transaction is re-processed, at any time on or after 11 pm (EST / EDT) on the day the MCP Transaction was completed and the MCP exchange rate(s) for settling the MCP Transaction in Canadian Dollars (as described above in Section 3.1) in effect on the late delivery or reprocessing day is lower than the rate that would have been applicable before 11pm for settlement processing, then you will be responsible for the difference between:

(A) the settlement amount that would have been received by Moneris from the Card Brand upon same-day delivery before 11pm

minus

(B) the settlement amount received by Moneris from the Card Brand on the day of late delivery or reprocessing¹

(the “Late Processing Loss Amount”)

4.2 **Payment of Merchant Revenue Share.** We will credit your bank account with any Merchant Revenue Share payable to you under this MCP Agreement, in respect of the previous month’s or day’s MCP Transactions, based on your payment set-up (monthly or daily). The Merchant Revenue Share will be payable in Canadian Dollars.

¹ Example of Late Processing Loss Amount= [A-B]:

Assume: MCP Transaction Amount: €64.30

Purchase Amount settled to Merchant: C\$100

[(A) settlement amount that would have been received by Moneris from Card Brand before 11pm= C\$103.52 (€1=C\$1.61) minus

(B) settlement amount received by Moneris from Card Brand on day of late delivery= C\$93.87 (€1=C\$1.46)]

= C\$9.65 Late Processing Loss Amount

4.3 Your MCP Program Statements. Statements provided by us will detail the amount of MCP Transactions processed by you and the Merchant Revenue Share credited and/or debited in accordance with this MCP Agreement. You agree to review your statements, and to tell us in writing within 30 days of receipt in the case of paper statements, or within 30 days of the MCP Transaction date for electronic statements, about any problems, discrepancies, errors or concerns. If you fail to notify us of any problems, discrepancies, errors or concerns within this 30 day period, you agree that all items listed on the statements, including for clarity Merchant Revenue Share amounts, are correct and you release us from any claim relating to any item listed and/or any item missing or suspected to be missing from your statements. If you do not receive a statement or if you are unable to view your MCP Transaction activity electronically you agree to tell us immediately.

5. Effect of MCP Exchange Rate

You acknowledge and agree that, in some cases, you may incur increased payment processing fees or costs attributable to the MCP Exchange Rate, as compared to your fees or costs for a non-MCP foreign transaction where the currency conversion is performed by the Card Brands. You are solely responsible for the payment of such fees or costs, if applicable.
